

MONDAY 25TH JULY

TIME (UTC)		
05:30	WELCOME/OPENING	
06:00 - 07:30	Addressing global Hg challenges in a changing world	Mercury Treatment/ Abatement
07:30 - 08:00	Q&A	
08:00 - 08:30	Break	
08:30 - 10:00	Mercury in Freshwater Ecosystems	Special Session - Assessing the effectiveness of the Minamata Convention on Mercury under climate uncertainties
10:00 - 10:30	Q&A	
10:30 - 11:30	SOCIAL MIXER	
11:30 - 13:00	Mercury in Freshwater Ecosystems	Special Session - Artisanal and Small- Scale Gold Mining – challenges and solutions
13:00 - 13:30	Q&A	
13:30 - 14:00	Break	
14:00 - 14:30	WELCOME/OPENING	
14:30 - 15:00	PLENARY 1 - CLIMATE CHANGE	
15:00 - 15:30	Q&A	
15:30 - 17:00	Risk Assessment of Hg exposure to wildlife, birds and fish	How are we doing in implementing the Minamata Convention?
17:00 - 17:30		Q&A
17:30 - 18:00	Q&A	Break

TUESDAY 26TH JULY

TIME (UTC)		
06:00 - 07:00	Minamata Storyteller	
07:00 - 09:00	Special Session - Global mercury concentrations in biota: their use as a basis for a global monitoring framework	Human Exposure and Risk Assessment of Hg
09:00 - 09:30	Q&A	
09:30 - 10:00	Break	
10:00 - 11:30	Mercury in Polar Ecosystems	Progress in understanding Hg and human health impacts
11:30 - 12:00	Q&A	
12:00 - 12:30	Break	
13:00 - 14:00	PLENARY 2 - HEALTH	
14:00 - 14:30	Q&A	
14:30 - 15:00	Emerging Researcher Presentation	
15:00 - 16:30	Mercury in the Terrestrial Ecosystems	Special Session - Climate-Driven Perturbations of Arctic Mercury Cycling
16:30 - 17:00		Q&A
17:00 - 17:30	Q&A	Break
17:30 - 18:00	SOCIAL MIXER	

WEDNESDAY 27TH JULY

TIME (UTC)		
06:00 - 06:30	Emerging Researcher Presentation	
06:30 - 08:00	Special Session - Mercury in the Southern Hemisphere	Mercury in Artisanal Gold Mining
08:00 - 08:30	Q&A	
08:30 - 09:00	Break	
09:00 - 10:00	PLENARY 3 - EMERGING RESEARCHERS	
10:00 - 10:30	Q&A	
10:30 - 11:30	SOCIAL MIXER	
11:30 - 13:00	Special Session - Mercury in the Southern Hemisphere	Mercury in Artisanal Gold Mining
13:00 - 13:30	Q&A	
13:30 - 14:00	Break	
14:00 - 15:30	Atmospheric Hg cycling: Source & Emissions	Special Session - Metrological Traceability for mercury analysis and speciation
15:30 - 16:00	Q&A	
16:00 - 17:30	Atmospheric Hg cycling: Source & Emissions	Special Session - Selenium-mercury interactions in aquatic food webs: The state of the science and future research directions
17:30 - 18:00	Q&A	

THURSDAY 28TH JULY

TIME (UTC)		
06:00 - 07:00	PLENARY 4 - INDUSTRIAL	
07:00 - 07:30	Q&A	
07:30 - 09:00	Mercury in Contaminated Sites	Special Session - Mercury in the Southern Hemisphere
09:00 - 09:30	Q&A	
09:30 - 10:00	Break	
10:00 - 11:30	Mercury in Marine Ecosystems	Mercury in Contaminated Sites
11:30 - 12:00	Q&A	
12:00 - 13:30	Mercury in Marine Ecosystems	Energy/ Fossil Fuels
13:30 - 14:00	Q&A	
14:00 - 14:30	Break	
14:30 - 15:00	LAA Winner Presentation	
15:00 - 16:30	Mercury in Marine Ecosystems	Special Session - New developments in understanding reactive mercury concentrations and chemistry
16:30 - 17:00	Q&A	
17:00 - 18:00	SOCIAL MIXER	

FRIDAY 29TH JULY

TIME (UTC)	
06:00 - 07:30	Special Session - Meta-omic and geochemical approaches to linking microbial activity to biogeochemical mercury cycling
07:30 - 08:00	Q&A
08:00 - 08:30	CLOSING VIDEO
08:30 - 09:00	Break
09:30 - 11:00	Special Session - Meta-omic and geochemical approaches to linking microbial activity to biogeochemical mercury cycling
11:00 - 11:30	Q&A
11:30 - 12:00	CLOSING VIDEO
13:00 - 14:30	Special Session - Climate-Driven Perturbations of Arctic Mercury Cycling
14:30 - 15:00	Q&A
15:00 - 15:30	CLOSING VIDEO
